Using Fluid pages

Phone Numbers

You can enter phones in the following formats:

555-555-1212

5555551212

555/5551212

555/555-1212

The system changes the format to 555/555-1212

These fields function just like phone number fields in Classic PeopleSoft pages.

A screenshot of a PeopleSoft "Phone Number" form. The form has a title bar with "Phone Number" in orange. It includes "Cancel" and "Save" buttons. The "Type" dropdown is set to "Home". The "Preferred" checkbox is unchecked. The "Number" field contains "510/555-1212" and is highlighted with a red oval. The "Extension" field is empty. A "Delete" button is at the bottom.
